

## Program Description

The IT Network Specialist program provides a dynamic curriculum that equips students with the skills to install, repair, and configure PC computers and Cisco routers and switches. It covers essential troubleshooting for wired and wireless networks and operating systems, while also focusing on cybersecurity measures against malware, viruses, and worms. This certificate program enhances career readiness by preparing students for key industry certifications. Students will be prepared to pursue certifications such as:

- ◇ CompTIA A+ (Core 1 and 2)
- ◇ CompTIA Network+
- ◇ CompTIA Security+
- ◇ Cisco CCNA

## Program Courses

- ◇ IT Fundamentals
- ◇ PC Hardware
- ◇ PC Software
- ◇ Introduction to Networking
- ◇ Advanced Networking Concepts
- ◇ Career Development
- ◇ Introduction to Routing & Switching
- ◇ Routing, Switching & Wireless Essentials
- ◇ Enterprise Networking, Security, & Automation
- ◇ Security Professional

## Possible Career Outcomes

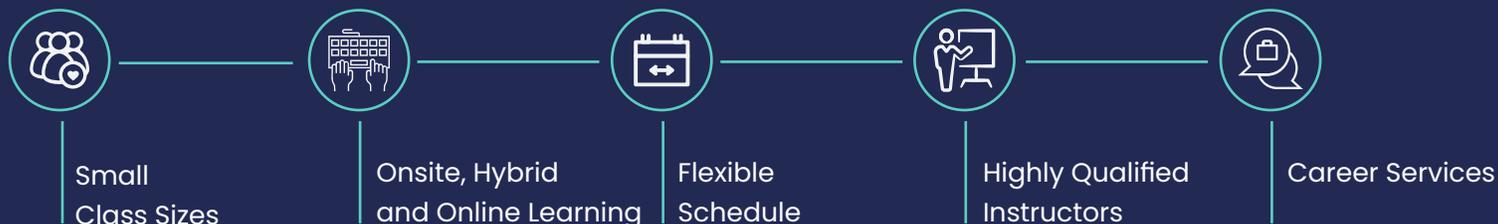

- ★ Service Desk Analyst
- ★ Help Desk Technician
- ★ Technical Support Specialist
- ★ Field Service Technician
- ★ Associate Network Engineer

## Featured Certifications

## Institutional Highlights

## Top Reasons Students Attend ICOHS College

- #1** To Prepare for or Advance Your Career
- #2** Increase Earning Potential
- #3** Student Support and Mentorship

## Tuition Financing Options\*

- Veterans Educational Benefits
- Federal Financial Aid
- Institutional Scholarship up to \$3,000
- Zero or Low-interest Payment Plan

\*Funding NOT guaranteed, only for applicants who qualify.

## Flexible Learning for Your Career

PROGRAM DURATION **12** MONTH

ICOHS College offers flexible learning modes with hands-on training for success. No matter your preferred learning style, we provide a high-quality, skills-driven education to prepare you for a thriving career. Start today and shape your future.

<p><b>ONSITE LEARNING</b>  <b>HANDS-ON LABS</b>                  Interactive, in-person learning with cutting-edge equipment.  <b>DIRECT SUPPORT</b>                  Engage face-to-face with instructors and peers in a collaborative environment.</p>	<p><b>HYBRID LEARNING</b>  <b>PRACTICAL LAB COMPONENTS</b>                  Join scheduled on-campus labs for hands-on skills, paired with online coursework.  <b>FLEXIBLE SCHEDULING</b>                  Blend in-person and virtual learning for flexibility and the best of both worlds.</p>	<p><b>ONLINE LEARNING</b>  <b>SIMULATED LABS</b>                  Access dynamic virtual labs that replicate real-world IT scenarios from the comfort of your home.  <b>SELF-PACED LEARNING</b>                  Study on your own schedule with instructor support and weekly milestones to keep you on track.</p>
--	--	---

Weekly deadlines to keep you on-task and small-Group support with instructors to answer questions.
